

CONFIDENTIAL

25X1

3 December 1953

**MEMORANDUM FOR: Office of Collection and Dissemination
(Mr. Becker)**

SUBJECT: Revised Regulation on [redacted]

25X1

25X1

1. I return herewith a redraft of the proposed regulation to revise [redacted]. The redraft is based on the proposed regulation developed 17 July 1953 by OCD, recalled in mid-August, and resubmitted this week. After you have reviewed OIC's attempt, let's get together.

25X1

2. Also attached is a draft covering memorandum to [redacted] for your consideration.

3. The new regulation, like the old, involves interagency arrangements where no DCID exists, although an IOP once did. Accordingly, I've attached papers developed by OIC in August 1951, thinking that OCD, in the light of experience since '51, and in view of its continuing responsibilities under the new regulation, might consider a DCID appropriate. (In this connection, DCID 7/1 was recently issued to reaffirm procedures under old IOP-3). Please return these papers when they have served their purpose.
